Course Description: The Sustainable Building Advisor (SBA) course is a nine-month, specialized training course and certification exam designed to enable graduates to utilize strategies and tools for implementing sustainable building.

Classes are held the first weekend (Friday/Saturday) of every month at SOU (except holidays). Attendance, research papers, textbook and curriculum reading, a team project and field trips are part of the class requirements. The certification exam cost (\$200) is included in the tuition.

CEU's available through SOU for \$25. Please note here if CEU's are needed and your profession:

Yes, CEU's: _____ Profession: _____

Refund Policy:

Eight weeks prior to the first class date: All tuition will be refunded less a \$150. registration fee.

Six weeks prior to the first class date, 90% of all tuition will be refunded. One month prior to the first class date, 80% will be refunded. Three weeks: prior to the first class date, 70% will be refunded.

Two weeks prior to the first class date, no refunds will be given.
